

# EXPLORATION

## **Where are you on your journey into your own past?**

Are you...

- \* Trying to find that elusive ancestor?
- \* Wondering if you're related to someone famous (or infamous)
- \* Searching for biological family?
- \* Curious about your family's origins?
- \* Thinking of getting DNA tested, or have it and wonder what to do next?
- \* Just starting to build a family tree and wondering how to get started?

When we have a quorum, I will schedule an informational meeting to decide if we would like to meet on a regular, monthly basis.

Sylvia Willis, Lot #261, Coordinator

### **About Sylvia:**

Sylvia Willis is a retired educator with a passion for history and genealogy. She is currently searching for her birth father and his family, using both technology (DNA websites/family search, etc.) and traditional research resources. Sylvia also volunteers at Pioneer Village in Ferndale, helping with the stewardship of preserved pioneer cabins and artifacts. Pioneer Village has the most unique assemblage of the distinctive Pacific NW regional style of rustic pioneer architecture of the 19<sup>th</sup> and early 20<sup>th</sup> centuries.
